Collection guidelines

Why follow these guidelines?
- To avoid forgetting to take our your bins for curbside pick up;
- To prevent damage;
- To help us to help you !

To view your collection schedule, please refer to the calendar which is distributed to your home each year, or visit www.ritmrg.ca

In winter
Place your bin at a distance of aproximately 10 feet from the white line to prevent damage from the snowplow. In the event of a winter storm, collection may be delayed...

So leave your bin by the curb !

- **Put out garbage bin only when it is full.**
- **Painted bins will not be accepted for curbside pickup !**

IMPORTANT: Your bin must retain its original colour.

Other options are available for industrial, commercial or institutional establishments. Please call us for more information.

What type of containers are allowed ?
240L or **360L** wheeled bins

Recycling   Garbage   Compost

Write your street address on each of your bins.
(This will help us to correctly identify them)

Leave a two-foot clearance around the bin (between a fence, a car or even another bin).

In order for the brown bin to be clearly visible to the operator, place it to the right of any other bin.

To find out how to proceed in case of damage, call us or visit our website ritmrg.ca as soon as you notice the problem.

JUILLET

982   2 ft.   982

max. 10 ft

Take out your bin the day before scheduled pickup.
Why? Because the truck can pass as early as 6 a.m.

Wheels pointing towards the house.

Ensure that no materials are sticking out or are on the ground next to the bin.

Placed at a maximum distance of 10 feet from the white pavement line, neither on the sidewalk nor on the street.
