

# Checklist

You would like to know where to dispose of an item?

See the RMM guide for more details.

## Compost

Organic materials: food, green waste, soiled paper and cardboard

**All that can be eaten**

Fruits and vegetables    Milk products    Egg and nut shells

Bread, pasta and other cereal products

Coffee grounds and filters, tea bags

Tables scraps

Meat and poultry

Fish and seafood

To avoid odours, place organic matter in a paper bag or wrap meat, fish and seafood in newspaper.

### Green Waste

Dead leaves    Branches    Grass cuttings    Plants

### Others

Paper towels and paper tissues    Soiled paper and cardboard products    Compostable tableware    Animal litter

## Recycling

Containers, packaging and print items made of paper, cardboard, plastic, glass or metals. Empty and rinse all articles.

### Paper

### Cardboard

### Glass

### Metal

### Tetra Pak®

### Soft Plastics

### Hard Plastics

If it stretches out, it's recyclable! Place all in a plastic transparent bag and tie it up.

Must contain the recycling symbol **except for # 6!**

## Garbage

Only if it can't be reused, recycled, composted or recovered!

### Non-recyclable plastics

### Mixed material packaging

All items made of different materials that cannot be separated at the recycling center.

### Clothing and textiles

### Personal hygiene products

### Others

## Reuse

Everything must be in good condition! To find a recycler, consult our *Bottin vert* on our website [ritmrg.ca](http://ritmrg.ca)

## Eco-Centre

## Collection guidelines

- 1 Leave a two-foot clearance around the bin (between a fence, a car or even another bin).
- 2 Write your street address on each of your bins. (This will help us to correctly identify them).
- 3 Take out your bin the day before scheduled pickup. Why? Because the truck can pass as early as 6 a.m.
- 4 Ensure that no materials are sticking out or are on the ground next to the bin.
- 5 If there are two collections on the same day, place the brown bin so that it will be seen first by the driver
- 6 Wheels pointing towards the house.
- 7 To find out how to proceed in case of damage, call us or visit our website ritmrg.ca as soon as you notice the problem.
- 8 Placed at a maximum distance of 10 feet from the white pavement line, neither on the sidewalk nor on the street.
- 9 Put out garbage or recycling bin only when it is full.

## NEW!

### Collection of oversized items upon registration

Collection of items will take place in September 2023.

Collection is by registration only, unregistered addresses will not be collected.

### Registration period

**August 19 to September 13, 2024**

The registration period will be from August 19 to September 13 at noon.

The materials will be collected over the following days.

### How to register?

#### Complete the form

Find it online at [ritmrg.com](http://ritmrg.com).

You can also call us at 418 385-4200.

### Items accepted

Visit [www.ritmrg.com](http://www.ritmrg.com)

To consult the list of accepted items, consult our website at [ritmrg.com](http://ritmrg.com). Only the accepted items will be collected.

### In Winter

Place your bin at a distance of approximately 10 feet from the white line to prevent damage from the snowplow.

In the event of a winter storm, collection may be delayed.
